**Attach:** DOCWGS� CELL 6 SUMP.pdf

---

Hello Justin.

Would you please follow up with DOH on this request to see if they are ok with filling Cell 6 to the 450 elevation prior to the completion of the buttress. Thanks.

Joe

**Subject:** WGS� Cell 6 Sump Request

Hello Lene & Tom.

Please find attached a letter request for approval to place waste into the cell 6 sump area, along with the supporting stability analysis performed by Geosyntec. I would appreciate your review and approval. A hard copy was mailed to Steve Chang today. Thanks.

Best regards,

Joe
